Rent a Wall returns for December

MSJ Photography returns for its latest outing with Rent a Wall this December by participating in a seminar with Canon. Entitled "Small Steps to a Healthy Business", the workshop is geared at providing information and pointers to young entrepreneurs and small businesses.

Rent A Wall invites numerous young and upcoming photographers to participate in exhibitions, charging a small fee to display their work on a makeshift, inexpensive frame that can be installed very quickly and conveniently in almost any location.

"Small Steps to A Healthy Business" by Canon will be held on Friday, December 4, 2009, from 1.30pm to 4pm, at the Promenade Hotel Kota Kinabalu's Rafflesia Ballroom on level 1. The workshop will highlight Canon's Large Format Printer, High and Mid Range Color Copier and Production Machine.
