

Promenade launches its new uniforms

In line with its recent overall refurbishments and upgrading in its public areas, hotel lobby and Food & Beverage Outlets, Promenade Hotel Kota Kinabalu is unveiling its new line of uniforms giving it an aesthetic touch of combining the cultural and environmental aspects, proudly showcasing the beauty of 1 Malaysia in its very own unique way.

The cultural aspect of the uniforms can be seen in its intricate design of abstract floral representations assimilated into the corporate look at the neck line and upper torso for the Front Office front liners while the concept of traditional attires of both Indian and Malay are obvious in the Concierge's new pride. Sharing a similarity to the front liners, the banqueting uniforms are fused akin to Sabahan's indigenous tribes in terms of design, which can be seen at the upper torso and wrists and clothing materials.

All uniforms share the beauty of nature and environment which are cleverly maintained in shades of green such as lime, olive or apple green, dark navy blue and orange highlight, complementing the hotel's corporate colours of green and gold. A new chroma, the earth-toned brown is introduced to enhance the elegance of the recently refurbished Lobby Area and only visible in the Concierge's new uniform.

Bearing comfort, effectiveness, durability, maintenance and practicality in mind, the new uniforms are designed to suit the contemporary flow of time rendering them attractive regardless of the constant social and cultural change. The launching saw the change of uniforms for the operations' front liners both in the Front Office and Food & Beverage Departments. The hotel will also soon be unveiling new uniforms in other sections of the respective operation departments.
