

Be by Valentine

BEVERLY Hotel is inviting guests to spend their Valentine's Day celebration at their hotel today.

Couples can rekindle their romance at the Café Oriental during dinner, where the atmosphere is cosy and cosy. The setting is enough to rekindle the fires that raged during the spring of one's life.

And of course if you are still in your spring years, your romance in its first blush, the atmosphere will really get you ready for a real romance.

Not that you should sit and stare at each other's eyes all evening.

The Café Oriental offers sumptuous food too, which include Garoupa with kapitan sauce. This fish dish is really delicious. The sauce is strong but it does not ruin the soft white flesh within.

The Beverly oxtail stew is also in the menu. This sumptuous offering is delicious; the meat literally falling from the bones in its own stews.

The Prawn curry with banana, their other offering, has an interesting taste. It feels quite strange at first, the sweetish flavour with prawns. After a few taste, it grows on you and soon became a personal favourite. Just amazing.

The Seafood with dill flavour is nice; making you go back for seconds.

For some of us who must have our chicken, well, they have roasted chicken on rata-touille. This is a dish that most of us are well acquainted with and really love-to-love.

For dessert, you have a choice of baked cheesecake, Tiramisu and Profit roll.

"Please come in today; we are open from 6pm to 10pm," says chef Joseph Anggang, who is responsible for the offerings today.
