

Sunset in the City

Beautiful and romantic, there aren't many things that are more mesmerising than a stunning sunset. The city of Kota Kinabalu is located along the western coast of Sabah, which makes it a perfect location to sit back and savour this visual pleasure.

Tanjung Aru Beach

Let's start with the obvious - the beach is always the best spot for a view of a good sunset. Tanjung Aru Beach is a popular target for people looking for the classic laid-back scene. This beach is lined with a long shoreline, restaurants and food stalls - so a little stroll before you sit down to enjoy a drink and the view is what you can wish for here.

The Waterfront

Head to The Waterfront, one of Kota Kinabalu's most desirable hang outs. The Waterfront is a boardwalk of hip bars, classic restaurants, quaint cafes and fun karaoke joints right in the city centre. People love to sit outside where the sea breeze gently sweeps, to relish good food, good company and the fiery red sun slowly going down behind the islands in the background.

Luxury Yacht Charter

Indulge in a little luxury with a boat cruise off the coast of the city. You can charter a boat to island hop and soak in the sun before it sinks into the horizon and maybe throw a small get-together and party on into the night. What's for sure is that you won't miss the spectacular sunset at dusk on your cruise. For reservations and enquiries, call 088

Tanjung Lipat / Likas Bay

Tanjung Lipat or the Likas Bay runs parallel with Kota Kinabalu's coastal highway and is easily one of the best roads to drive along on a sunny day. The view is the dazzlingly blue South China Sea in the day and a heart-warming sunset come sundown and you can park on the roadside if you feel you must stop to enjoy the sights. There is also Anjung Selera, a popular eatery along this stretch if you want a good meal to go with the sunset.

The Sunset Bar, Shangri-La Tanjung Aru Resort and Spa

The Sunset Bar is one of the best spot to be when the sun sets in Kota Kinabalu. Not only do they have little cocktail bar so you can have a drink in one hand while you unwind, its location is unobstructed - when you are there, there is just the South China Sea between you and an amazing sunset.
