Divine & Honey mooners

# Malaysia's largest chain of Revolving Sushi is revolving to East Malaysia.

Sushi King is now opened at City Mall and I-Borneo Mall to bring the best sushi to Sabah.

Healthy Good Taste

### What makes our sushi the best?

#### Our sushi are served with the freshest ingredients

At Sushi King, we believe in serving only the best of Japanese cuisine, that's why we use only the freshest ingredients. It is our strict custom to have our chef personally and meticulously select the ingredients from all over Japan to ensure that the traditional taste of this ancient art is preserved in this modern era.

#### Our sushi are served with warm services

We don't know if it's true, but they say cold hands make good sushi. What we do know is that here at Sushi King, we strive from time to time to give the very best services to our customers. Why? Because we know that the best sushis are always served with warmth..... From the heart.
