

# SabahAir Aviation – *Altitude with an Attitude!*

**Y**ou've trailblazed Sabah by road and sailed the seas to view the ocean wonders, but have you taken to the skies to take in the sights? With SabahAir Aviation, it's time to see Sabah from way up high!

SabahAir Aviation is a well-established heli operator with over 30 years' experience. It has a fleet of five helicopters in Kota Kinabalu and one in Sandakan. With their affordable rates, the company aims to change the perception that heli charters are for the rich and famous. Think again! Here are some of flights of fancy you might enjoy:

## **MOUNT KINABALU AERIAL FANTASY**

Imagine a close-up view of majestic Mount Kinabalu, the highest peak in Southeast Asia. This flight takes you on an unforgettable journey over the mighty Mt. Kinabalu where you will enjoy stunning views of the seemingly endless Crocker Range.

## **MALIAU BASIN (SABAH'S LOST WORLD)**

Maliau Basin, also known as the 'Lost World of Sabah', is located in the south-central part of the state. It is an area of approximately 58,840

hectares, surrounded on all sides by steep cliffs, which is rich in flora and fauna. Many people flock to this natural wonder to view the 7-tier waterfall.

## **KOTA KINABALU AERIAL DELIGHT**

Avoid the hassle of traffic jams and save precious time as you fly above the city of Kota Kinabalu! Get a bird's eye view of Tunku Abdul Rahman Park, the iconic Menara Tun Mustapha (Tun Mustapha Tower, also known as the Sabah Foundation building). See if you can spot your hotel or the famous Tanjung Aru Beach! A 20-minute joyride will cost around RM260 per person.

SabahAir Aviation also caters to special requests, transfers and tours. Just ask and you shall receive! In short, you can charter a flight from any point as long as there is a landing area the size of a tennis court. The Bell Jet Ranger 206 can seat up to four people, while the Long Ranger can seat six. To save time, dive enthusiasts and island hoppers can request to fly to any of the many islands along the east coast. Golfers can also enjoy this service so they can spend more time on their favourite golf course rather than in a car. How about flying to Kudat to see the Tip of Borneo? The journey to Kudat by road from KK city can take 3 hours whereas it takes only 40 minutes by helicopter. Larger aircraft such as the Nomad (which can seat up to 10 people) are used for
