

Built for Two!

In the mood for love? There's plenty to see and do for the cuddlesome twosome or daring duo when in Sabah!

Road Trip

They say the best test for any relationship is to go on a holiday together – and what better way than to go on a road trip to explore Sabah! Take a leisurely drive up north to Kudat and visit the **Tip of Borneo, Tanjung Simpang Mengayau**. Imagine standing over a majestic cliff overlooking the meeting point of the Sulu and South China Seas while the waves crash on the rocks below. It's a scene out of a movie! Or find a reason to cuddle by the fireplace as you enjoy the cool mountain air at **Kinabalu National Park**. Start your day with breakfast on the balcony as you watch Mount Kinabalu unravel itself.

Island Escapes

Sun, sea, sand and a sweetheart – What more do you need for a romantic getaway? Start by island hopping around the **Tunku Abdul Rahman Park** off the coast of KK City. A tip: opt for smaller islands, namely Sulug or Sapi, for more quiet time and try to schedule your trip on a weekday rather than busy weekends. Want to be treated like royalty? Be King and Queen for a day (or two) at the **Gayana Eco-Resort** where breakfast is served right to your door...on a boat! Or visit the ultra-romantic Reef Dive Resort in Matakang Island for a honeymoon you won't soon forget. Need an adrenaline rush? Try parasailing for two or give wakeboarding a go. If all fails, spend the day working on your tan or – a true classic - enjoy a romantic walk along the beach as the sun sets.
